

Explorer Care Registration Instructions

New AXIS Families

Step 1: Use the following link to access Explorer Care registration through Kangarootime:
<https://enroll.kangarootime.com/inquiry/91EE4912C07E5718>.

We recommend using a desktop computer, but it will work on a mobile phone as well.

Step 2: Click the Register Here Today button.

The screenshot displays a registration interface. At the top, there is an illustration of a family (a man with glasses, a woman, and two children) and a staff member with red hair holding a clipboard. Below the illustration is a white form area. The first field is labeled "Email Address" with a red asterisk, followed by an empty input box. Below the input box is a solid red button with the text "Log In" in white. A horizontal line separates this from a second, outlined red button with the text "Register Here Today" in red.

Step 3: Make sure that ONLY Explorer Care is highlighted in Green. Then click Next.

CAUTION: Please err on the side of everything you might possibly use. It is difficult to go back and add more programs later. The \$40 family registration fee is a flat fee, so adding more programs will not increase your fee. It is better to have the ability to schedule care than not.

DOUBLE CAUTION: Be sure that when registering for After Care from 3:00 - 4:30 PM you either choose K - 6 After Care OR Preschool After Care. For the first hour and a half after school care is split between two age groups. Make sure the appropriate child is selected for the appropriate age group based on their grade level.

This information lives separately from Infinite Campus, so you may need to duplicate some updates. This database has to work with childcare licensing which is separate from state school reporting. (We know it's a pain to duplicate efforts).

These forms also contain releases and disclosures that are specific to childcare and childcare licensing in Colorado, so please read carefully as you move through this part of the registration.
